

Quality, Health and Safety (QHS) Policy

The long-term business success of Armor Limited, Inc. depends on our ability to continually improve the quality of our services and products while protecting people. Emphasis must be placed on ensuring human health, operational safety, quality enhancement and community goodwill. This commitment is in the best interests of our employees, partners and the communities in which we live and work.

Armor Limited, Inc. requires the active commitment to and accountability for QHS from all employees and partners. All management levels have a leadership role in communicating, implementing and ensuring compliance with QHS policies and standards.

Our commitments are to:

- Fulfill legal requirements and other requirements to protect and improve the health, safety and security of our employees and partners at all times.
- Eliminate quality nonconformances and H&S hazards, incidents and accidents to reduce our Occupational Health & Safety (OH&S) risk.
- Meet specified customer requirements and ensure continuous customer satisfaction.
- Set quality and H&S performance objectives, measure results and assess and continually improve processes, services and product quality using an effective management system.
- Plan for, respond to, and recover from any emergency, crisis or business disruption.
- Apply our technical skills to all QHS aspects in the operations of our facility.
- Ensure consultation and participation of employees/partners as well as an understanding of our QHS policies, standards, programs and performance; reward outstanding QHS performance.
- Continually improve the OH&S management system and our performance on issues relevant to our employees/partners and on which we can have an impact and share with them our knowledge of successful QHS programs and initiatives.

This policy shall be regularly reviewed to ensure ongoing suitability. The commitments listed are in addition to our basic obligation to comply with Armor Limited, Inc.'s standards as well as all applicable laws and regulations where we operate. This is critical to our business success because it allows us to systematically minimize all losses and adds value for all our employees and partners.
